

Dirt Revolution Cycles is a small passionate team of engineers and mountain bike enthusiasts formed to unlock the potential of e-motors and systems on the riding experience. Our core philosophy revolves around supporting boutique motor manufacturers, component suppliers and app developers so that we can together elevate the e-MTB experience.

We are seeking an experienced bicycle mechanic available mid July 2026 for 2 weeks during our annual Moab, UT field testing trip. The successful candidate will work alongside our mechanics team back at the rental house / garage repairing bicycles, swapping components and fixing various things that always break during durability & heat soak testing. Experience with e-motors, lithium-ion batteries and e-bikes in general is a plus.

Benefits

Flat \$2,050 salary for this 2-week assignment (~ 80 hours) + \$0.72 per mile reimbursement to/from Moab, UT. A free room at the rental house and some meals are included. We grill typically every night at the house & pay for dinner out on the last night.

Email Your Resume In Word / PDF To

jen@dirtrevo.com ~ Jennifer Jones – HR / Operations Manager

Please submit "Moab Trip Bike Mechanic" in the email subject line for your application to be considered. For this position, you must be currently authorized to work in the United States without the need for sponsorship for a non-immigrant visa.

Applications will be accepted on an ongoing basis until the position is filled or closed.
